	<p>Grade – 10th</p>
	<p>Duration – 4 months</p>
	<p>Briefing – The students find solutions to the problems of the city where they live.</p>
	<p>Key words – Social, Entrepreneurial education,</p>
<p>development</p>	<p>Aims:</p> <ul style="list-style-type: none"> - Develop the entrepreneurial skills of the students. - The empowerment of the city by the students. Make them feel proactive citizens. - Make a collaborative net with the city agents (council, entities and schools)
	<p>Development</p> <ol style="list-style-type: none"> 1- Students find problems in the city. They decide the most important ones. 2- A meeting with members of all the schools, the entities and the council. Share problems. 3- Students work in groups and try to solve a problem. During the process the experts (from the entities or the council) work with the students. 4- A meeting with all the members of all the schools, the entities and the council. Share solutions.
	<p>Assessment</p> <ul style="list-style-type: none"> - Meetings with teachers, entities and the council, to coordinate the process.

	<p>Feelings</p> <ul style="list-style-type: none">- Teachers share strategies related to the class activities to train the entrepreneurial skills.- Students train the entrepreneurial skills and feel different than in the other classes. Also feel important with the relation with the council and the entities. They feel that they live in a city with problems and they can solve them.- Entities are happy with the help of the students. They don't feel that they are alone trying to solve the problems. They go to the school very happy to asses the students.- The council is happy to have an educational network in the city, and also with the colaboration of the students.
